CELEBRATION CONTINUES

CRAFTED *to perfection*

WHO IS NELLY ?

Every great cake begins with a story and for Nelly, that story started more than 20 years ago when she moved to The Netherlands. Long before opening a bakery, her skills were shaped in the kitchen at home, where she first learned the art of traditional cake baking from her mother, friends, and family. Those early lessons instilled in her a love for creating something special out of simple ingredients and a joy in sharing it with others.

What began as a small passion project, baking alongside her husband Grigor for friends, neighbours, and family, soon grew into something much bigger. Word of mouth spread, cakes grew in size, orders came in from different cities, and before long, Nelly and Grigor opened the doors to their very first bakery.

At her core, Nelly is still that same passionate baker who believes every cake should be made with care and love. Her aim has always been to create not just a cake, but THE CAKE, the one that becomes the centerpiece of a celebration and a memory that lives on long after the event.

ABOUT NELLY'S CAKES

What started in Nelly's kitchen eventually grew into something far bigger than she ever imagined. With each new order, her reputation spread and her cakes began to travel far beyond her local community. This growing demand inspired the creation of Nelly's Cakes, a bakery built on the same passion and care that guided her from the very beginning.

Today, Nelly's Cakes has crafted more than 17,500 creations for clients from over 75 nationalities, each one designed with attention to detail and made to reflect the joy of the occasion. From intimate family gatherings to large celebrations, the bakery has become a trusted name for those who want their cake to be as unforgettable as the moment itself.

With clients across The Netherlands, Belgium, Germany, France, Luxembourg, and Switzerland, Nelly's Cakes continues to grow while remaining true to its mission: to provide not just a cake, but the cake, one that will be remembered, photographed, and cherished long after the celebration is over.

PICK YOUR *taste*

Nelly, Grigor, and their team have spent years refining the perfect recipe for both the sponge and the fillings. The sponge is light, fluffy, and carefully crafted to pair beautifully with a wide variety of tastes. Combined with carefully developed fillings, every cake is made to be a true pleasure to eat, the kind that leaves you wishing for a second slice.

The sponge is available in classic flavors such as Vanilla, Chocolate, and Nelly's own Red Velvet recipe, which has become a signature choice for many. To complement the base, clients can select from a wide range of fillings. Fresh options include Raspberry, Strawberry, Cherry, Passionfruit, Mango, Lemon, and Berry Mix, while favorites like Vanilla and Chocolate offer a more familiar touch. Richer choices such as Caramel and Mocha bring depth, and refined flavors like Pistachio, Hazelnut, Almond, and Raffaello add a distinctive character.

Nelly's Cakes offers the freedom to combine up to three different fillings in every tier. These can all be the same for a smooth, consistent taste, or completely different for variety in every slice. And because every celebration is unique, flavors are fully customizable. If you have a special request beyond the menu, Nelly's Cakes will happily source ingredients or create bespoke combinations, ensuring that your cake is made exactly to your liking.
